FOR IMMEDIATE RELEASE
NOVEMBER 2, 2007

YARD WASTE COLLECTION SEASON ENDING

Medicine Hat – The last regular collection of yard waste is the week ending Friday, Nov. 9, 2007.

After Nov. 9, all waste set out by residents will be collected as domestic waste for burial at the landfill. Compostable yard waste is collected seasonally on the same day as your residential garbage collection every week.

Residents are can and are encouraged to take their yard waste and brush to the Compost Site located at the Residuals Handling Facility (landfill) approximately three kilometres off Highway 41A, just past city limits.

The City of Medicine Hat thanks residents who participated in the yard waste collection program and the lawn care companies that delivered yard waste to the Compost Site.

By diverting yard waste, landfill space is saved for future waste disposal.
